

**International Airfares and domestic transportation Matrix for Approved Employers under the PLS restart**

This document provides Approved Employers with the maximum One-Way International Airfare and domestic transportation and Return International Airfare and domestic transportation amounts\*\*\* for the purposes of Schedule 2 of the PLS amended Deed of Agreement.

Note: For Airfares to bring in workers under a special state/territory government quarantine agreement where workers quarantine on arrival in a state/territory prior to travelling to a different state to take up work (eg. Tasmania and Victoria agreement) Approved Employers may use the quarantine state or the work state maximum airfare. For example, if a Samoan worker travels to Tasmania to quarantine under a special agreement and then immediately moves to Victoria for work, the maximum cost that may be applied is \$750 as that is the higher cost.

\*In respect of the One-Way International Airfare and domestic transportation, Approved Employers must pay any remaining amount for the international airfare and must not recoup this from the workers in accordance with the Schedule 2 of the PLS amended Deed of Amendment and noting that only actual costs can be recouped and these may be lower than the maximums shown in the table.

\*\*Note that workers have not been recruited from Tuvalu and Nauru recently, but they are included in the table as they are still partner countries. International Airfares will be provided on request.

**Note that the amounts in the above table will be reviewed from time to time.**

\*\*\* Maximum Return International Airfares and domestic transportation are double the cost of the one-way fare in the table.
